1. Introduction

The Aichi-Nagoya 2026 Asian Para Games (hereinafter, “AICHI-NAGOYA 2026”), Asia’s largest celebration of sports, will be held in Aichi-Nagoya in 2026.

This guideline explains to companies participating in the program what are the outline of the **Equipment Provider Program** (hereinafter, “EP Program”), rights, and rules regarding marketing and promotion.

An **Equipment Provider** (hereinafter, “EP”) refers to a company that **provides** (including lending, etc. The same applies hereinafter) the necessary **competition equipment** (including service provision, etc. The same applies hereinafter) for AICHI-NAGOYA 2026. EPs are not sponsors, but unlike other suppliers providing goods or services, they are granted special rights.

We are seeking companies to join us in ensuring the success of AICHI-NAGOYA 2026 and creating a legacy beyond the Games.

This is the **second call for Equipment Providers**, inviting companies to provide competition equipment either complimentary (free of charge) or discounted contribution (half the cost or less will be charged).

Please note that, as a change point from the first call, the ticket-related rights are not included in this round.

Definition of Terms

Free Equipment Provider (Free EP):

A company that provides complimentary competition equipment (free of charge).

Paid Equipment Provider (Paid EP):

A company that provides competition equipment with discounted contribution (for a discount of 50% or less of the retail price).

2. Applicable Competition Equipment

The EP Program applies not to all the competition equipment but is limited to competition equipment officially approved or designated by the International Federation (hereinafter, “IF”) or Asian Federation (hereinafter, “AF”).

Please note that, in principle, one EP will be selected for each type of equipment.

3. Conditions and Rights for Free & Paid EP

3.1 Free Equipment Provider (Free EP)

•Rights under sections 3.3–3.6 are granted if competition equipment is provided free of charge.

3.2 Paid Equipment Provider (Paid EP)

•Rights under section 3.3 are granted if competition equipment is provided at 50% or less of retail price.

3.3 Logo Display on Competition Equipment [Free EP & Paid EP]

- EP's logos may be displayed on provided equipment.
- Logo size: up to 10% of surface area (up to 60 cm²), one location for each item (in case of equipment consisting of multiple items, only one location).
- If an existing logo exceeds this size, it will be covered up by masking tape or stickers, etc. that displays the logo within the above-mentioned size (unless masking affects the competition in any way).

3.4 Display of Company Name at Competition Venues [Free EP]

•The company name and provided equipment description may be displayed on boards in two locations outside the competition area, such as Pedestrian Screening Area (PSA) in the area dedicated for games related parties, warm-up area, athlete lounge, etc.

3.5 Statement of Equipment Provision to AICHI-NAGOYA 2026 [Free EP]

- Statement of Equipment Provision to AICHI-NAGOYA 2026 may be mentioned in materials such as customer lists, event lists, financial reports, company brochures, websites, catalogs, etc.

Specifications for competition equipment will be posted on the official website of Aichi-Nagoya Asian Games and Asian Para Games Organizing Committee (hereinafter, “AINAGOC”).

4.2 Submission of Letter of Intent and Quotation

- Submit a “Letter of Intent” for participation in the EP Program.
- Submit certificates or other documentation confirming that the competition equipment provided is officially recognized or designated by IF or AF.
- Submit a quotation based on the specifications provided by AINAGOC.

4.3 Contract Conclusion

Selected companies will be notified and will enter into a formal contract specifying the terms of provision.

Please note that such statements may be made public only on or after the date when the AINAGOC official website cites the company name and information about the competition equipment provided.
